

Job opportunity

Regulatory Strategy Consultant

Job description

We offer a job as a **Regulatory Strategy Consultant**, in which you will:

- optimally combine your scientific background and extensive regulatory experience
- have a dynamic strategic position in innovative drug development and life cycle
- prepare regulatory dossiers for clinical trial applications, orphan drug designations, paediatric investigational plans, marketing authorisation procedures and health authority interactions
- be involved in defining global regulatory strategy for companies
- stay up to date with regulatory guidelines relevant to projects or products
- be coached by Zwiers
- live up to the Zwiers "professional approach with a personal touch" spirit

Profile

You have:

- a PhD or MSc in Pharmacy, Medical Biology, Chemistry, Life Sciences
- three to five years of experience in Regulatory Affairs
- gained experience in working with different disciplines, experts and health authorities
- the ability to handle stringent deadlines and manage a tight planning
- a team player spirit
- great communication and writing skills (English)
- the ability to negotiate and convince

Offer

Zwiers Regulatory Consultancy offers a fulltime job, but is willing to discuss a part time contract
Salary will depend on education, knowledge and experience
